

# Safety Information according to Regulation (EU) 2023/988 (GPSR)

1. The product is intended exclusively for its designated use for exhibition, advertising, and informational purposes.
2. The product is not suitable for persons under 16 years of age.
3. It may be used for commercial, non-commercial, business, or private purposes.
4. Before using the product, familiarize yourself with it. Assembly instructions, manuals, or safety information are available for this purpose.
5. The product must only be used as intended, otherwise, injuries or damage may occur.
6. To avoid potential injury from sharp edges or corners, we recommend wearing protective gloves during assembly and disassembly.
7. When using the product, observe basic static principles, such as secure fastening, protection against falling, and stable positioning (for example, in windy conditions).
8. If the product includes an electrical function, ensure that it is connected to the power supply in compliance with applicable regulations.
9. If any damage is detected, the product must be immediately taken out of service. Further use is prohibited.
10. The responsibility for recurring electrical inspections in accordance with national laws, regulations, standards, or guidelines lies with the user.
11. Some products contain LED lighting, which can be intense. When positioning the product, ensure that people are not dazzled. LED lighting may have an imperceptible flicker and could pose health risks for sensitive individuals.
12. The use of this product is associated with a minimal acceptable risk and is classified as a safe product.
13. If the product appears unsafe to you, please inform the manufacturer immediately.
